

Mission

- Provide comparable information to EU institutions and industry
- Create 'Development Capacity Index' (DCI)
- Highlight the growth potential of the biotech industry
- Facilitate biotech and pharma partnerships

Benefits to the Partners

- Provide data for EU policy makers
- Data allows for EU-wide analysis
- National web-based databases
- Database integration in partner websites
- Global biotech portal

14 Countries

-  Bulgaria
-  Croatia
-  Cyprus
-  Czech Republic
-  Estonia
-  Hungary
-  Latvia
-  Lithuania
-  Malta
-  Poland
-  Romania
-  Slovak Republic
-  Slovenia
-  Turkey
